Riverview High School I.B.P.O. Grants Committee Mission Statement

The Mission of the IBPO Grants Committee is to provide funds in the form of scholarship, grants and matching funds to be used for the academic enhancement of educators and students.

To this end, the Grants Committee works with the school, parents, and local businesses to raise the funds necessary to promote the academic enhancement of both graduating students and underclassmen.

The program encourages the IB students of Riverview High School to become lifelong learners by pursuing their academic and cultural interests beyond the walls of Riverview High School.
